

LM-100 Automatic Flat Surface Labeling Machine

LM-100 made by high-grade stainless steel and high-grade aluminum alloy, labeling head using imported high-speed servo motor to ensure that the labeling accuracy and speed; all the optical and control systems are import from Germany, Japan and Taiwan High-end products, PLC with man-machine interface control.

Machine Name	LM-100 Automatic Flat Surface Labeling Machine
Machine Size	1600L*550W*1600H
Output Speed	60-350PCS/min
Height Label Object	30-350mm
Thickly Label Object	20-120mm
Label Height	15-140
Label Length	25-300
Pastes the Sign Precision	±1mm
Roll-Inside	76mm
Roll Outside Diameter	420mm
Power Supply	Single Phase 220V50/60HZ 3.5KW
Printer with Air	5KG/cm ²
Machine Weight	450KG
